

Welcome to NAWMA's Food & Garden Organics (FOGO) service

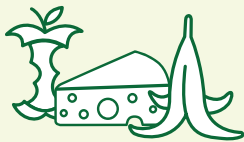

All of the material that you place into your green-lid FOGO bin will be collected and sent to our composting partner - IWS.

The compost they make will be used on gardens, market gardens, vineyards and farms around South Australia.

This is why it is very important that only compostable items are placed into your FOGO bin.

Please remember, you can put
all these things into the
**FOOD & GARDEN
ORGANICS BIN**

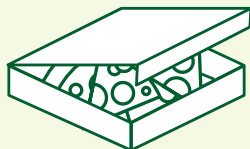

All food scraps

Teabags &
coffee grounds

Pet waste

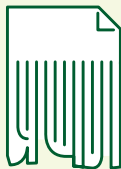

Pizza boxes with
food scraps

Leaves, sticks
& branches
(limit 100mm diameter)

Flowers &
lawn clippings

Shredded
paper

Tissue &
paper towel

Human &
pet hair

Compostable
packaging
(must be labelled
AS 4736)

NO SOFT PLASTIC

Ph: 8259 2100

Gawler

FOGO Collection

NAWMA will collect the contents of your FOGO bin every fortnight (opposite week to your recycling bin).

To download a collection calendar, visit:
www.nawma.sa.gov.au/bindays

If you live in the **City of Salisbury** or **Town of Gawler**, you can download the free **My Local Services** app to receive bin collection notifications.

If you live in the **City of Playford** you can download the free **My Playford** app to receive bin collection notifications.

Collecting Food Scraps with a Kitchen Caddy

Line your caddy with a compostable* bag. Compostable bags will completely decompose along with the organic material you have collected in your caddy, they do not contain any plastic and will not contaminate the contents of your FOGO bin.
